To Jay,
You big dope, you man among

aspect, but however, we must move on to
the greater awareness. You-O-me

famous course that you have completed.
It's a little too late for good lucks, but
in your case you need all the luck you

SEPTEMBER

- 13—Back to school for one hour. A new school year begins.
- 14—In school at eight o'clock to awaken to the realization that college is not far off as teachers explain Regents scholarships.
- 17—There's a newspaper strike on—the only paper still publishing is the *N. Y. Post*.
- 20—India attacks Pakistan. Pakistan attacks India. But an uneasy truce finally halts the senseless bloodshed in Kashmir.
- 21—Seniors receive applications for December College Boards. We're on our way!
- 22—The weather's beautiful, but who can enjoy it when he gets up before the sun?
- 24—President Johnson announces that we now have 125,000 troops in Viet Nam. Who's bluffing whom?
- 28—The *N. Y. Herald-Tribune* dropped out of the Publishers Association and began to print again. You can bet that the strikebound *N. Y. Times* was less than pleased.
- 29—Senior jewelry arrives at last. But how is it that you can't get it over your knuckle but it's loose on your finger?
- 30—Applying Early Decision? Better have gotten that application in.

The Happy Yearbook Staff doesn't know what's in store for them.

- 4—For the first time in history, the Pope visits New York, and Queens Boulevard becomes an endless row of policemen and barricades.
- 6—The odds are all on the Dodgers but the Twins take the first game of the World Series 6-2.
- 7—Seniors wage a titanic six hour struggle with test booklets as they compete for the Regents scholarships.
- 11—The three-week-old newspaper blackout is over, just in time to follow the conclusion of two neck-and-neck events: the New York City mayoralty race and the World Series.

- 12—Live from Fifth Avenue in New York it's the Columbus Day Parade starring the Forest Hills High School band (and other notables).
- 14—Coming back from a poor start the Dodgers take the World Series in seven.
- 18—It's over. The 1964-1965 New York World's Fair (or Fiasco for a Sunday Afternoon) closed yesterday.
- 26—Time out for that great biennial Forest Hills pastime — College Night (Part I).

DISCOTHEQUE

The sound is very bass, very loud, very electric, very guitar. The sight is of bodies, very moving, very fast. Euqehtocsid? It's discotheque backwards. A G.O. dance? Unbelievably, yes! A blast? Unbelievably, yes!

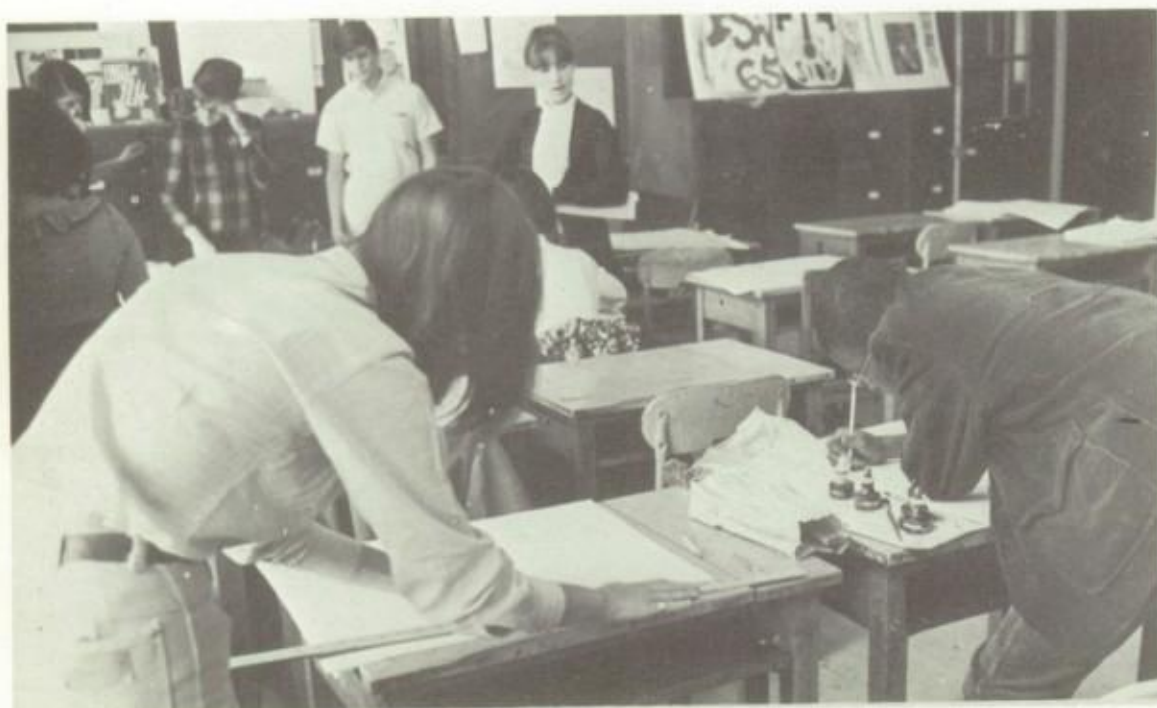

NOVEMBER

- 1—Yesterday was Halloween. Today is report card day. Good grief!
- 2—Election Day. And it's going to be a close one — there are only two predictions. Lindsay says Lindsay . . . and Beame says Beame.
- 3—It was close. And it was Lindsay. But the rest of the slate was captured by the Beame team (poor Abe; poor John).
- 5—Senior Class elections are today and for the first time in the history of the school there is a tie for the presidency. It's official: we have two Senior Class presidents.
- 9—At 5:28 P.M. the lights went out. All over New York. All over the entire northeast portion of the United States. And they stayed out. For thirteen hours in New York. But, miraculously, there were no tragedies, and everyone enjoyed it . . . in a once-in-a-lifetime sort of way.

Senior Rings — or the Great Jewel Robbery.

- 10—Not many showed up for school today, the day after The Great Blackout. In fact, so many are absent that the cutting sheets list the names of the students who are present.
- 12—P.S.A.T.'s, for all seniors who are looking for scholarships, want practice for the real thing, or don't have a date for Friday night.
- 16—Time out for that great biennial Forest Hills (I'm sure I've heard that somewhere before) pastime — College Night (Part II).
- 17—Gee, they haven't had such a good turnout for a dance in years. That isn't a dance; they're taking pictures of the honor societies in there.
- 22—Class rank was supposed to come out today. It didn't. Rumor has it that a computer mixed the whole thing up. Good thing that computers don't spread ugly rumors, isn't it?

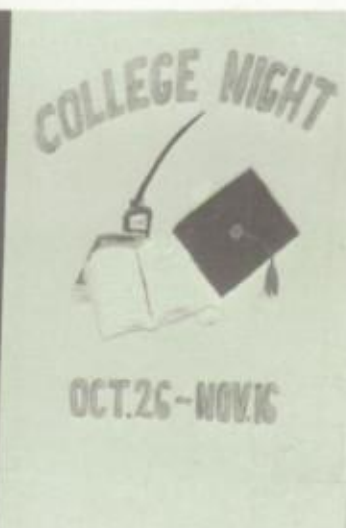

Judi Grossman, Roni Fagin and Charles Johnson prepare Publicity for College Night.

COLLEGE NIGHT

College Night

College Night, the traditional biennial event of Forest Hills, was held this year on October 26 and November 16. This time two evenings were set aside, and both proved to be successful. On the first evening our school played host to more than fifty representatives from outside the metropolitan area. Representatives from more than forty schools visited us on the second night. Both evenings provided interest and information to students and parents alike to prove that College Night is one not to miss.

Picking a Winner is tougher than ever.

Parents and Hillites try to stump the experts from Ithaca and the boys from Syracuse.

"INVEST IN LEARNING"

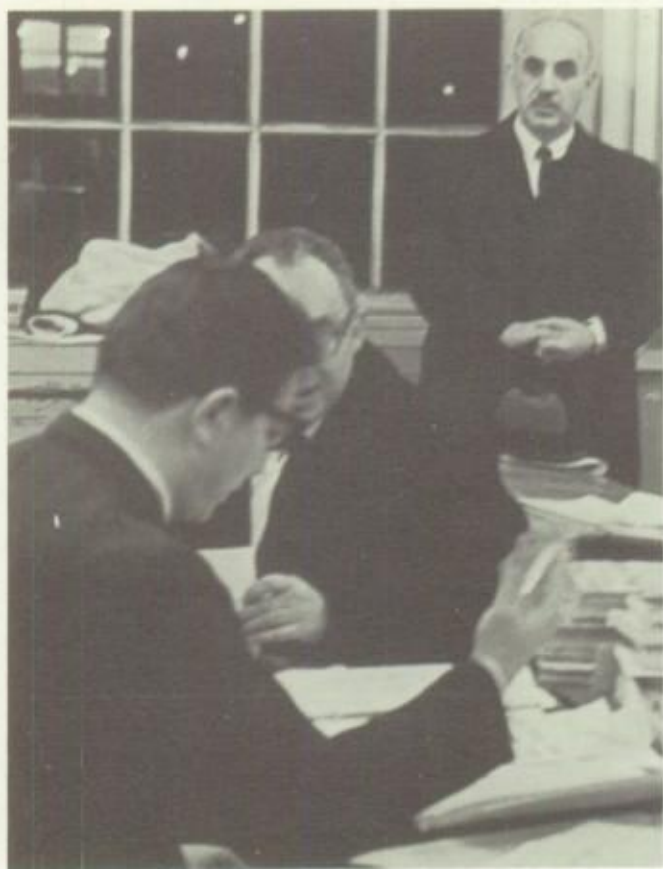

OPEN SCHOOL WEEK

BOX OFFICE RECORDS SHATTERED!

This year's "Open School Week" proved to be one of the best in the history of Forest Hills. More than 800 parents attended on the first night alone. Publicity posters declaring the theme "Invest in Learning" decorated halls and foyer and served as a reminder to us of the value of education.

Mr. Gappelberg has a few thousand words.

Mr. Kerr is casting again.

Mr. Bergman gives Parents the Long View.

25—Ahh, nothing to do but chase turkeys for the next four days. Happy Thanksgiving-gobble-gobble-gobble-gobble.

29—That was a four-day-weekend? All I found time for was chasing turkeys.

DECEMBER

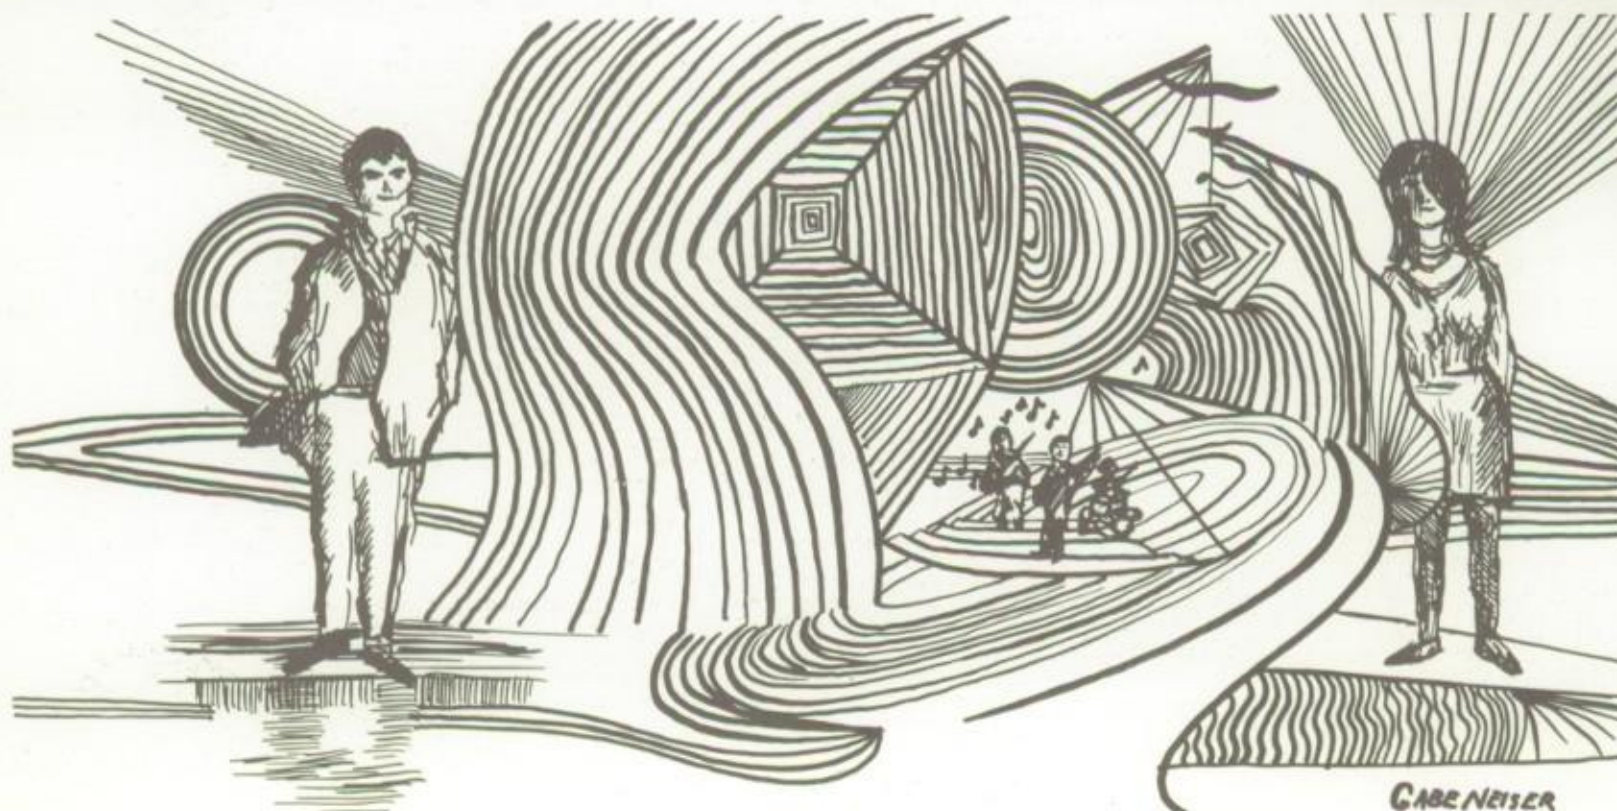

2—The second Senior Sing meeting is held. The script is ready — it's time to find the actors.

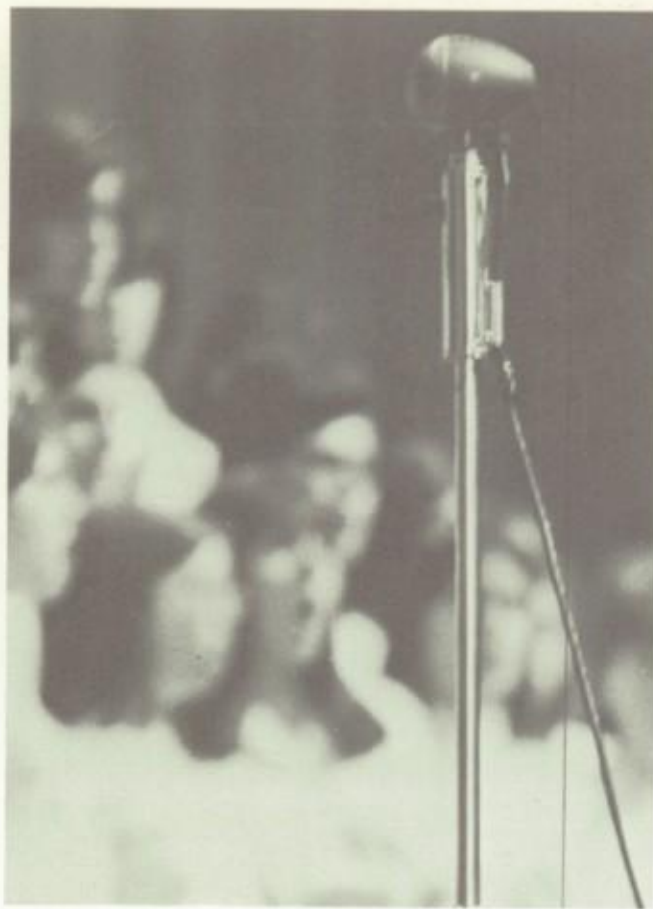

3—S.A.T.'s (and they're the real thing!): For headache take aspirin; for tension take S.A.T.'s.

6—"It's Academic" was taped yesterday. In a real Hollywood-style ending to the fiercely contested game, FH came back in literally the final seconds of the game from over 100 points behind to emerge victorious over opponents Van Buren and Erasmus Hall.

CHRISTMAS ASSEMBLY

Mr. Sachs and Mr. Bass help Chorus Sound Off.

ALUMNI REUNION

The Boys Gym gets smoothed down.

A FULL HOUSE

ALUMNI Reunion

Graduation was not the end for last year's graduates, nor need it be for any of us. Experience has proved that the Alumni get together is an evening of pleasant socializing and fond reminiscences, of re-kindled friendships and warm reunion. It is a time when one looks back on old friendships and ahead to new ones. It is a pleasant moment one never forgets. We hope you will return next December to be here and enjoy it with us.

Now this is the way we ought to do it next year.

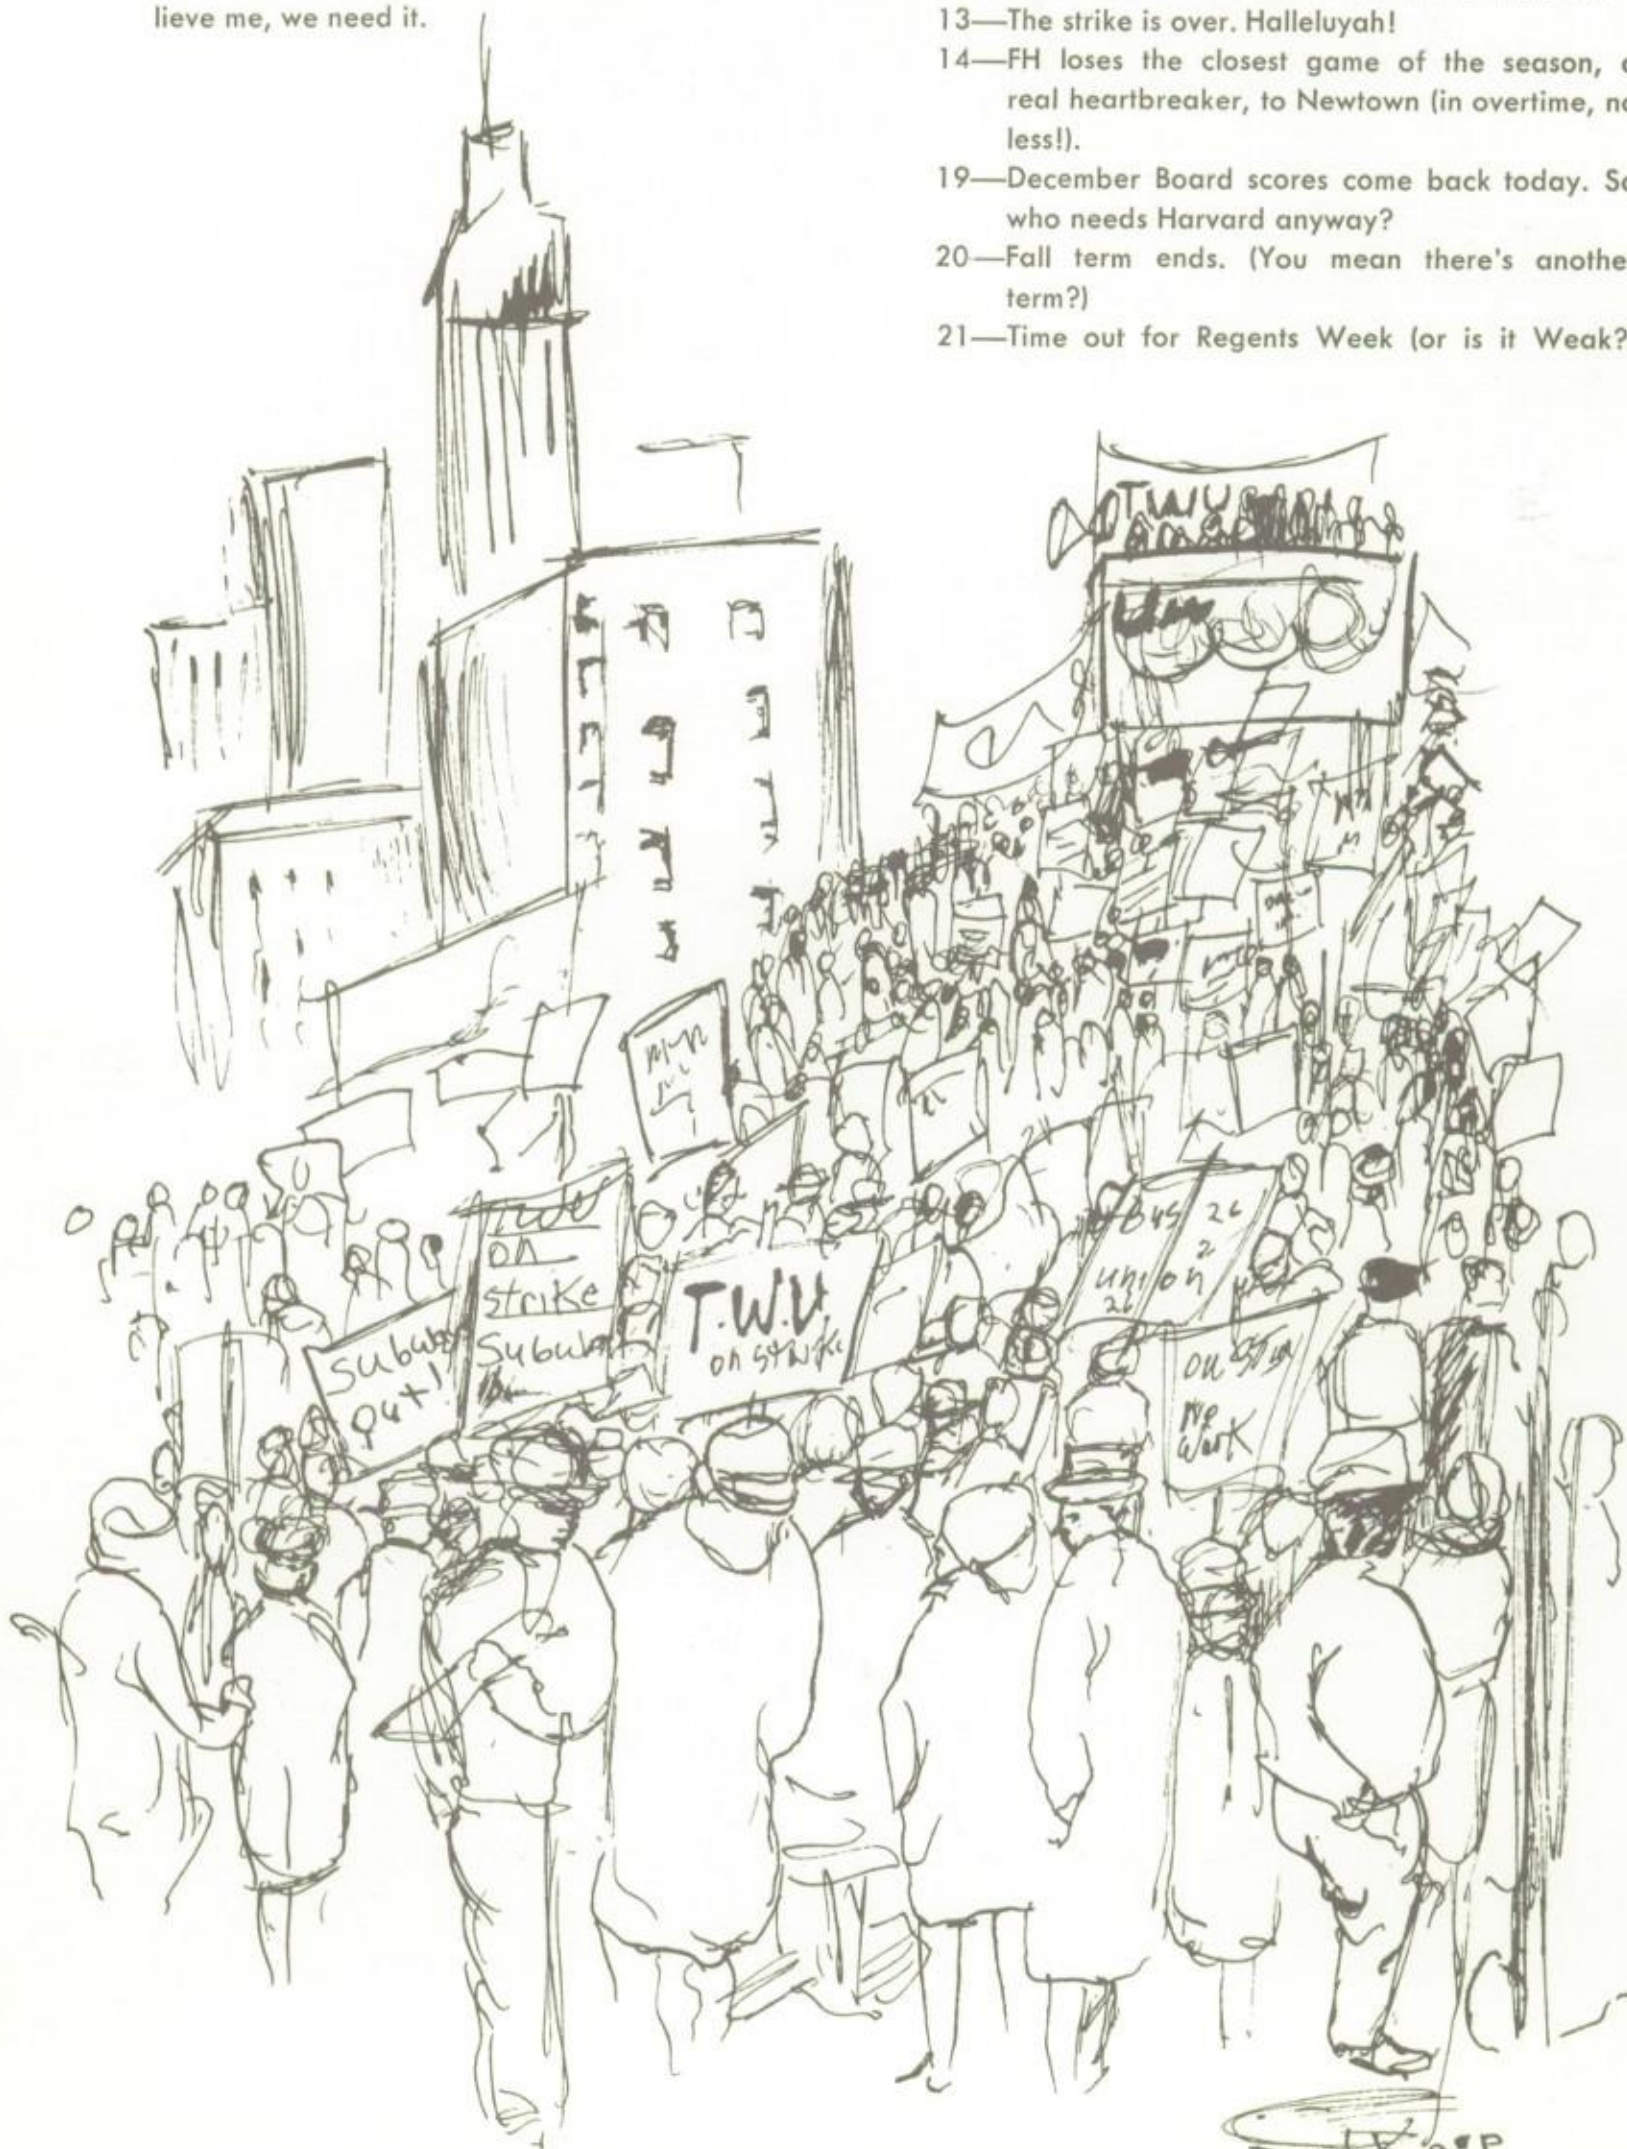

The Board of Directors

- 10—It's the end of the second third. Two down and one to go.
- 13—Report cards today. (How could I fail gym — I never showed up!)
- 14—Well folks, it looks like we're going to have ourselves a little ol' Senior Ski Trip!
- 16—Gloriosky! A rendezvous in space — and we beat the Russians to it yet! What will they think of next?
- 22—Alumni Dance tonight. Will this revelry never cease?
- 23—Christmas vacation starts tomorrow. And, believe me, we need it.

JANUARY

- 4—The strike is four days old but school's re-opened anyway. Quill took them out "at five ayem in the morrrrrnin" and there isn't a train running in the city.
- 7—Yipes, we've been invaded! There are boys from Tech and Stuyvesant here and they're having the darndest time trying to figure out why some Hillites wear skirts.
- 10—Finals have been postponed indefinitely. It almost makes the strike worthwhile (almost).
- 13—The strike is over. Halleluyah!
- 14—FH loses the closest game of the season, a real heartbreaker, to Newtown (in overtime, no less!).
- 19—December Board scores come back today. So who needs Harvard anyway?
- 20—Fall term ends. (You mean there's another term?)
- 21—Time out for Regents Week (or is it Weak?)

FEBRUARY

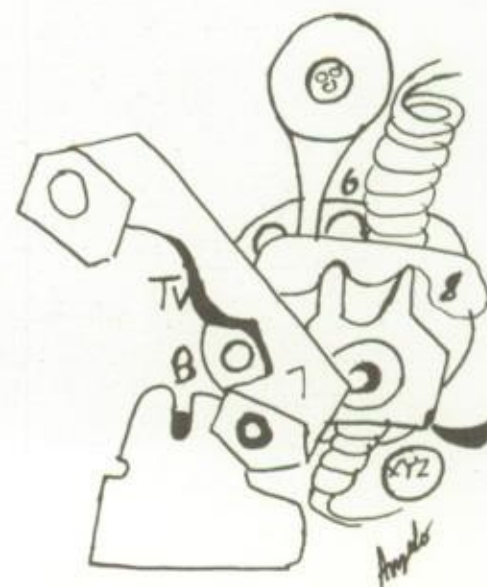

- 7—Sing '66 was held Friday night. No sweat, baby — the Seniors racked up the points to win and became the first class in FH history to win two Sings!
- 9—Holy Second Season! It's Batman and the Boy Wonder. (Would you believe Fatman and the Boy Blunder?)
- 11—Senior Ski Trip tomorrow. And the weather's beautiful — for water skiing, that is. It's an unbelievable sixty degrees out.
- 14—Kiss me, you fool: it's Valentine's Day.
- 15—Senior Ski Trip was a definite blast. Saturday morning we went slush-skiing; Sunday morning we skied in the rain (rain-skiing?); and the chicken dinner was fine — until it walked away.
- 16—Regents Scholarship Winners notified. Class of '66 carries on a noble tradition with a total of 126 winners. Congratulations!
- 17—Why are they selling all that chocolate — to make money for the Senior Council? Naw, after everybody breaks out from it, they're gonna sell blemish cream at \$7.00 a bottle.
- 18—If that program change hasn't come through by now, it's time to get to know that blonde in the third row.
- 21—NBC aired the "It's Academic" match in which FH successfully beat back the competition in a real cliff-hanger of a contest, on
- 22—Happy birthday, George. (Can you imagine a birthday cake with 234 candles on it?)
- 23—The Language Department put on a play about Brotherhood today. It is definitely the hit comedy of the year.
- 28—Want to be in the Student-Faculty Game? Better get your name in fast.

Anything you can do . . . Mr. Hochstein has the ball.

Who took my newspaper?

MARCH

- 1—Time to get those prom pledges in. It may be exciting to make the quota by the skin of our teeth but it's more comforting to know we are going to have a prom.
- 2—Some of the decisions are coming back from the colleges already. Syracuse, for one, has notified some of the more brilliant members of our class of their acceptance.
- 7—Members of the Beacon staff were privileged to see the dress rehearsal of Play Pro's production of "Aria de Capo" today. It was, in a word, superb.
- 8—Mr. Roemer conducted a meeting of the Senior Class today. The agenda of the meeting included everything from plans for a dude ranch trip to the sale of chocolate and from the Senior Prom to Senior Hats.
- 9—Dubious Achievement of the Day Award goes to the student who got a negative score on the Math Association of America contest exam.

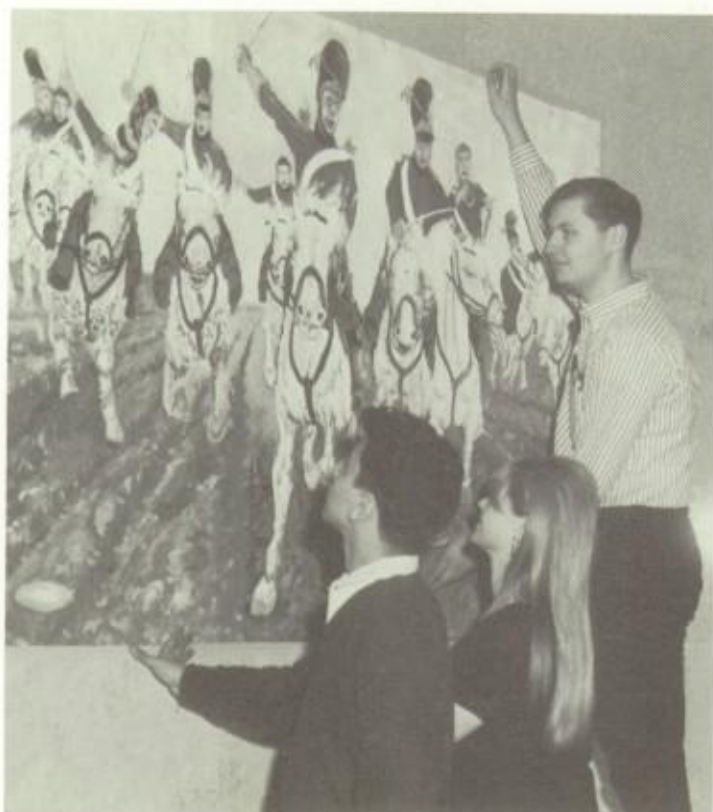

- 10—Yea verily, we are Seniors today! Senior hats have arrived.
- 11—Senior boys are required to fill out a Selective Service questionnaire. Well, boys, you're going to see the world (read Vietnam) with Uncle Sam footing the bill, heh-heh.
- 15—Student-Faculty Game today. More action takes place off-court than on, as rhubarb after rhubarb ensues between forty-odd would-be student hoopsters and game officials. Disappointingly, the teachers go on to an easy win—a fitting end to the game.

Spring Fitting

Spring Training—John Keleman, Jerry Ganzfried, Carlos Almaral, Gideon Kaufman and Jerry Jacobs test the track.

- 17—Top o' the mornnin' to ya, and don't ya be forrrgettin' 'tis St. Pattie's Day.
- 18—End of the first third: one down and two to go.
- 21—Spring Is Here . . . a young man's fancy lightly turns . . . to thoughts of love. . . .
- 22—Report Cards today (Y'see, Dad, my teacher just doesn't like Seniors and . . .).
- 23—Time to fill out Regents cards (I love taking Regents; I love taking Regents; I love . . .).
- 24—Good Samaritan Time: Give generously, the Red Cross needs your help (I know it's the thought that counts—but the button costs more than that.).
- 28—Taking any AP exams? Better get your application in. (Who, me? Oh, come now.)
- 31—Play Pro to present its annual Spring production tomorrow night. The play is "Arms and the Man" and it's been sold out for two weeks. Prediction: a smash hit!

Mr. Sussman's art crew decorates foyer.

APRIL

- 1—April Fool's Day (See the 21st).
- 7—Easter Vacation starts tomorrow. Thought I'd never make it.
- 18—Rested we return, and anxiously we wait. College decisions come back today.
- 19—We Made it! The Class of '66 racks up again with the best acceptance rate in the history of F.H. Over 20 acceptances to Ivy League Schools.
- 20—Open School today. Parents hear glowing reports . . . and other things too.
- 21—MIDTERMS. ("What kinds of fools are we?") Sleepy eyed crammers are in and cutters chicken out.

Sharpen your skills.

Mr. Hirschman sheds some light.

- 24—For the second time in less than a year New York has been hit by a newspaper strike. Caused by a merger which created the World-Journal and Tribune. (Would you believe the Herald-World-Journal-Tribune-Telegram-Journal & Sun?)
- 25—Members of the Beacon Staff viewed the dress rehearsal of Play Pro's latest production today. It was an unqualified success.
- 26—G.O. Talent Show today. Rock 'n' Roll band steals the scene with a grotesquely sensual rendition of classic "Satisfaction." Students gyrating in the aisles attest to success. Fantastic!
- 28—Spring Dance tonight. Group from Talent show beats out the sound.

MAY

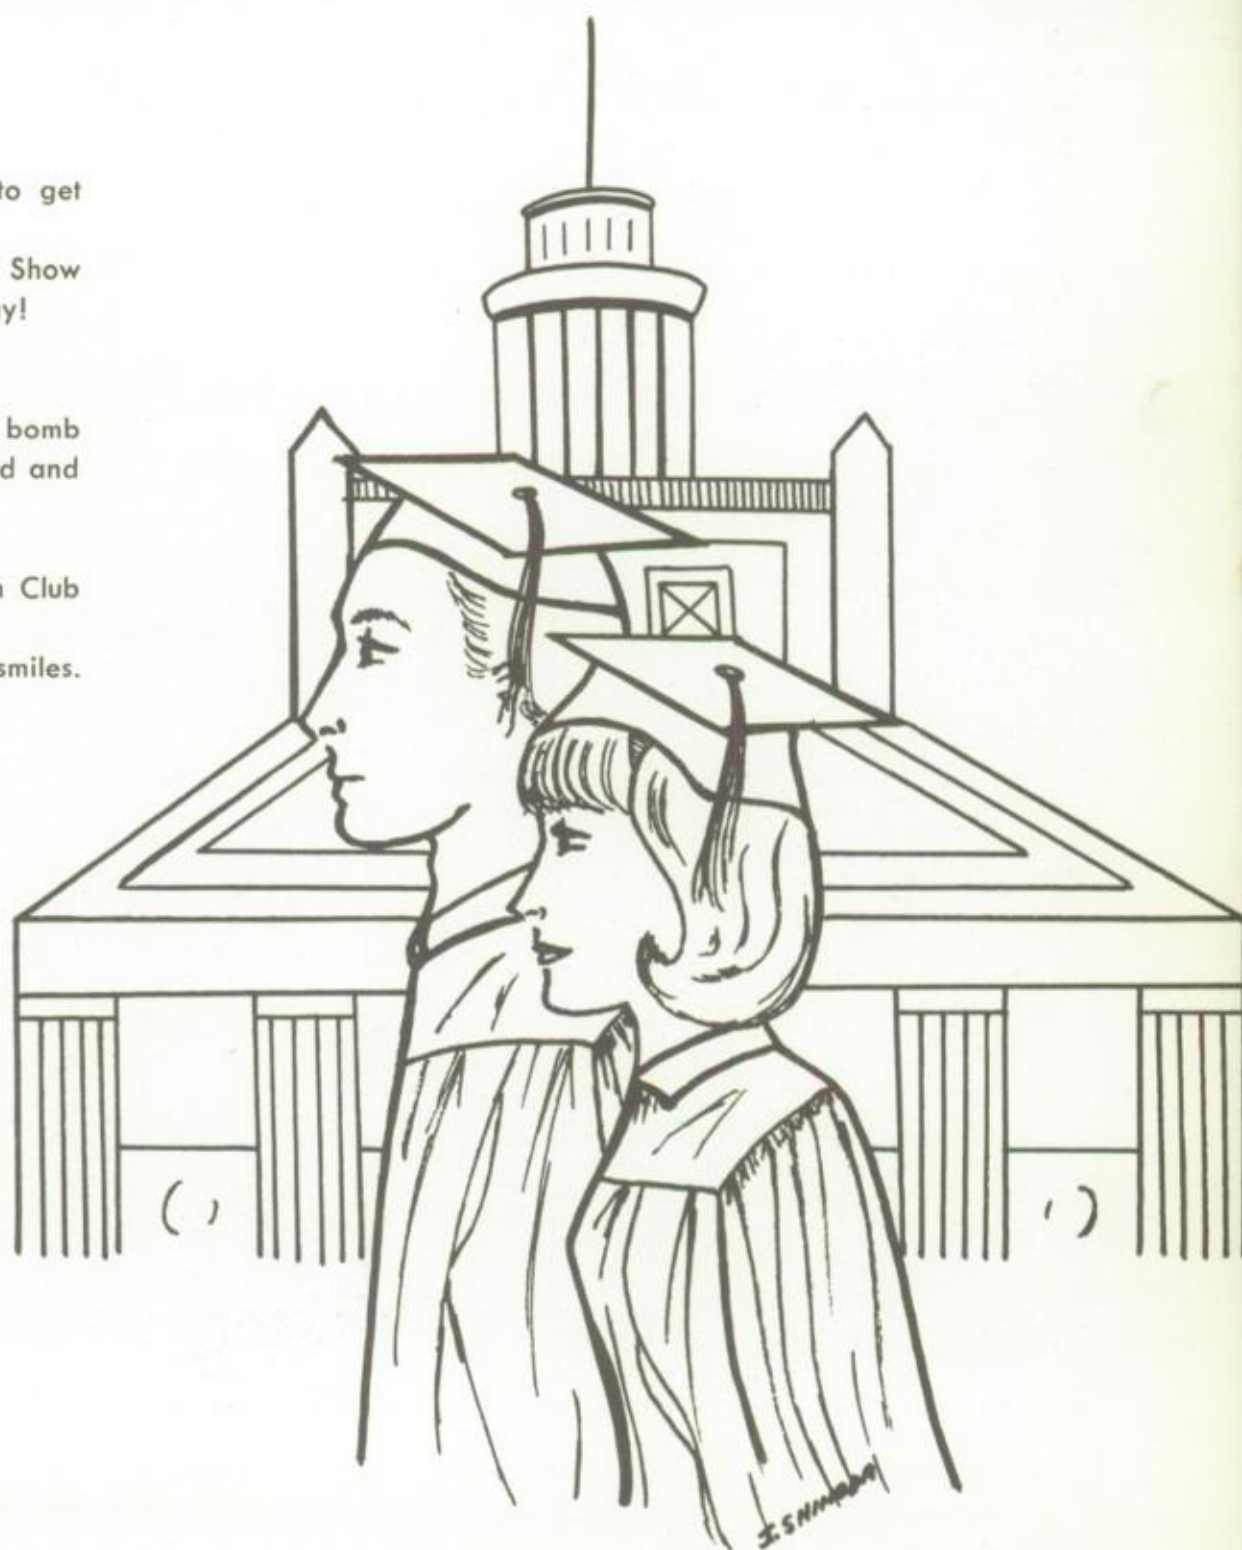

- 2—Today is candidates reply date. If you haven't told your intended that you're coming, you'd better mail it out fast.
- 9—Three day dude ranch trip is over. A fabulous time for all — but we used muscles we never heard of.
- 17—Assembly and Banquet to celebrate the 25th Anniversary of Forest Hills and the 20 years of dedicated service it has received from Dr. Ryan.
- 19—Advanced placement exams today. (I am too taking A.P. Cooking!)
- 30—Memorial Day. End of a sincerely appreciated six-day weekend.

Close quarters at the Senior Prom. Graduation is but a step away.

JUNE

- 1—Awards assembly today. Don't forget to get your intramural patch.
- 3—Senior Day! Time out for a blast. Senior Show—a riot! Pre-Prom Dance—What a day!
- 4—Time to come back to earth and finals.
- 9—Anniversary Day—Whose?
- 10—Yahoo! It's hootenanny time. Ban the bomb and save the world (or is it Ban the world and save the bomb?)
- 18—Regents — for the last time we hope.
- 23—The Senior Prom. At the Monaco Beach Club — the living end.
- 28—Graduation — A time of tears and smiles. Good-bye Seniors, and Good luck.

**PROGRAM OF THE CEREMONIES
INCIDENT TO THE DEDICATION OF
FOREST HILLS HIGH SCHOOL**

67-01 — 110th Street, Forest Hills
Borough of Queens
New York, N. Y.

10:30 o'clock A.M.
Tuesday, April 29, 1941

The new Forest Hills High School was opened for the reception of pupils on Monday, February 3, 1941.

It is an imposing structure on a magnificent site above Flushing Bay Park. Its design is a simplified version of the Georgian style, using red brick for the exterior walls with buff limestone trim and grey black slate for the pitched roofs.

The cupola with its circular colonnade of classic columns dominates the mass of the building. This cupola has a drum of glass brick which will be illuminated at night from within. The main building with its various wings composes well from every point of view and can be seen from great distances.

The symmetrical plan is a logical development to provide easy direct access to all portions of the building. It is so arranged that its main rooms can be readily utilized for community purposes without permitting access to the entire building.

The class rooms of this building are of the most recent streamlined design, simplified in arrangement of blackboards, and introducing metal enclosures over the radiators. They present a clean-cut, modern appearance. The color schemes in the class rooms and in the various other rooms in the building have been given individual attention which results in a harmonious blending of color, esthetic and restful to the eye.

The auditorium, lighted by tall windows on the two sides, painted two tones of grey-white with red velvet curtains, gives a sense of cool spaciousness. The auditorium seats approximately 1,200 students.

There are two large gymnasiums in separate wings, one for boys and one for girls, with health training rooms and physical examination rooms adjacent.

The library located on the second floor is a well designed room with oak wood work and furniture.

The cafeteria covers approximately 13,000 square feet.

There are two general shops, an art crafts shop, two hygiene class rooms, homemaking room, model apartment, cooking room, English class room, three art rooms, an art weaving room, sewing room, music room, museum, library classroom, four typewriting rooms, two business practice rooms, ten science class rooms, science lecture room, chemistry laboratory, chemistry recitation room, physiography laboratory, physics laboratory, physics recitation room, biology, physiography, physics, science and chemistry preparation rooms, exhibit hall, and a band practice room is located on the top floor under the cupola.

The cost of the building, including the site is \$2,550,000 and the school accommodates 3,400 pupils.

SPORTS ROUNDUP

Soccer

The fact that the soccer team played its entire schedule away (as the field was being renovated at the time) proved to be extremely disadvantageous — disastrous might be a better word. For in an entire season, for the first time in at least a few years, the soccer team did not record one win. Despite this, there were some fine individual performances. Captain Juan Ferrari was a standout all season long, and his prowess was matched by that of Lucien Jasse and Jorge Vasquez, as well.

Fencing

The foilers began their season with a loss to the always powerful Jamaica contingent, and never really recovered, ending the season with a disappointing 2-3 record. One of the only praiseworthy members of this year's team was Alan Welner, who completed a good season with ninth place in the Individual City Championships. Other standouts on the team were Captain Robert Lichstral and John Kelemen, who while finishing well, did not fully live up to expectations.

As it has been necessary to say all too frequently, hope always lies in the future.

Track and Cross Country

A well-run Cross-Country season was fittingly rewarded when the Rangers tied for first place in the division this year. Standouts in the running were co-captains Carl Almaral, who ran well all season, picking up a medal at Van Courtland, and Mike Reif, who ran the second fastest time at Cunningham and picked up two more medals at Van Courtland, in addition to placing fifth individually in Queens. A loss for the team was noted in the absence of Gideon Kaufman, who was out for the entire Cross-Country season. It was compensated for by the presence of junior Peter Gottschalk, who ran an excellent season for the team, winning yet another medal at the Van Courtland competition.

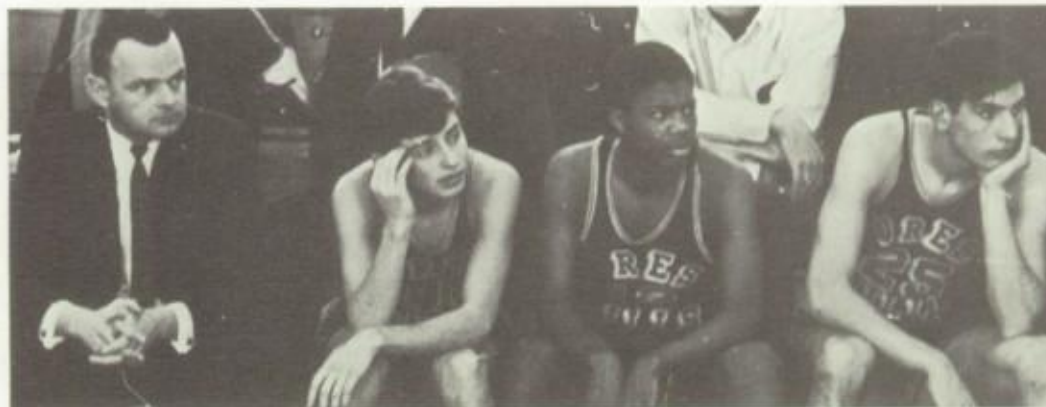

Kaufman, who had been expected, along with Reif and Almaral, to form the nucleus of the Cross-Country team, did make it back for the indoor track season, and with Reif, Almaral and Gottschalk, he composed a two-mile relay team which was highlighted by Gottschalk's 2:06.5, Kaufman's 2:06.9 and an 8:32 team time. Outstanding in the individual quarter was track co-captain Jerry Ganzfried, who ran it in 54.1 seconds, reputedly the best time in some years at FH. Other good showings were turned in by Dave Powell, a soph, who broke novice in the hurdles, and Charlie Farmer, a junior, who broke novice in the high jump with a jump of 5'11". For the good season the Harriers had this year, a great part of the credit must go to Coach Milton Sirota for the consistently fine job he has done.

Basketball

In a season characterized by a long series of very close games, a team which was handicapped by a woefully conspicuous lack of height succeeded in the (somewhat dubious) achievement of boosting last years win record by 100% — to two. The FH Five did beat Bowne and Lewis. And yet, some of its best playing was in other games in which the competition was far tougher. In a real cliff-hanger of a contest, FH lost by a scant five points to the eventual division champ, Bryant, far-and-away the best team in the league. In another such game, undoubtedly the most exciting of the entire season, the Rangers lost a down-to-the-wire struggle against Newtown in overtime by an even smaller three point margin.

But the team fought on. At its center, unquestionably the star player of the year, was junior Nat Wheeler. Playing consistently fine ball was Sonny Scherliss, and coming back from a mediocre start was Jeff Miller, who by the end of the season began to score, as well. Unfortunately, Mike Weisbrot, a six-and-a-half foot answer to the Rangers' height problem, was severely handicapped by a retain injury. And yet, if victories were ever lacking, spirit never was. FH partisans filled the stands, oblivious to all concerns except the fun they derived from watching their team (lose?). They cat-called, they cheered, they wept, they laughed. Sometimes they were better than the game itself. And somewhere in the back of everyone's mind, they can still be heard. . . . Up in the air, over the rim, come on boys, STICK IT IN!
